Freight forwarding and project logistics

Expertise that moves your business forward

37

YEARS OF COMBINED
PROFESSIONAL EXPERIENCE
ACROSS OUR TEAM

Our team brings practical knowledge to logistics and project support, with services tailored to each client's operational needs.

From individual shipments to complex project requirements, we focus on the details that matter: your timelines, your cargo, and your confidence in our service.

Our mission

To simplify logistics through reliable coordination, efficient solutions, and personal attention. We work to earn lasting trust by communicating clearly, taking responsibility, and treating every client's priorities as our own.

Sea freight

Ocean shipping shaped around your cargo

Loom Freight coordinates ocean shipments across global destinations, from full container loads to smaller consignments. We bring shipment planning, documentation, and cargo coordination together around your requirements.

Container options

Dedicated container capacity for larger shipments, with shared container space for smaller loads.

Delivery options

Shipping between ports, or coordination from cargo pickup through to the final destination.

Container coordination

Tracking and coordination to support the movement of your containers throughout the shipment.

Documentation support

Paperwork, regulatory checks, and customs clearance coordination for cargo release.

Air freight

Coordination for time-sensitive shipments

Loom Freight supports air cargo movements across global destinations. We align shipment arrangements with your cargo, timing, and delivery requirements, with responsive communication throughout.

Delivery options

Airport-to-airport, door-to-airport, and door-to-door arrangements.

Cargo preparation

Storage, careful handling, and loading with standard ULD equipment.

Urgent cargo support

Express cargo options for shipments that need priority transit.

Shipment coordination

Document verification, airport handling, customs, and delivery support.

Road transport

Loom Freight coordinates domestic, regional, and cross-border road transport. We plan around your cargo requirements, with options for full truck loads and smaller shipments using shared capacity.

Flexible capacity

Full truck loads or shared capacity, with vehicle assignment based on the shipment requirements.

Cross-border transport

Short- and long-haul coordination, supported by documentation and compliance checks.

Last-mile delivery

Transport coordination through to your shipment's final destination.

Delivery confirmation

Responsive support from booking to delivery, with digital proof of receipt.

Support beyond freight forwarding

Customs clearance

Import and export clearance support, with attention to accurate documentation and regulatory compliance.

Warehousing

Secure storage and inventory management to keep your cargo organised and ready for dispatch.

Value-added services

Flexible packing, labelling, consolidation, and cargo preparation tailored to your operational needs.

Project logistics

Specialised planning and execution for oversized, complex, and time-sensitive cargo. We bring careful planning and efficient coordination to the requirements of each project.

Built around your business

Dependable service starts with understanding your priorities. Our team combines professional experience with personal attention to build lasting working relationships.
